

- 1 Investigation on the status quo of rehabilitation practitioners in Xingtai city under the background of health care industry development
/ Yingjun Zhang Ya Chen Jiansha Wu Lifei Ma Yuxiao Li Danhong Wang
- 4 The Exploration of the Significance, Challenges, and Pathways of Public Basic Courses in Colleges and Universities
/ Ke Shu
- 7 On the construction and implementation of the university teacher honor commendation system—Take a certain university as an example
/ Jiangbing Li
- 10 Task-driven approach leads the new journey of Chinese reading group in secondary vocational schools
/ Guangyun Kang
- 13 The application inquiry of experiential learning in primary school mathematics teaching
/ Junying Tian
- 16 My View on the Construction of the Chinese National Community—Take the incident of resisting foreign invaders in Jingpo ethnic area of Dehong, Yunnan as an example
/ Lela He
- 19 Attempts and exploration of integrating rheumatic immunology knowledge into interdisciplinary medical education
/ Limei Wang Qihua Yang
- 22 Integrative practice of urological ultrasound-guided interventional therapy in medical education
/ Wenqiang Shi Hang Wang
- 25 Research on design and implementation of historical science and technology practice activities in junior high school
/ Zhihua Yang
- 28 From the perspective of the civil rights capacity of natural persons, the interests of the fetus are protected
/ Jingyi Hao
- 31 Research on the improvement path of career planning ability of college students majoring in early education from the perspective of “mass entrepreneurship and innovation”
/ Xiaoyan Xing
- 34 The teaching section of “Chinese garden” in primary school Chinese curriculum
/ Yongli Cen
- 37 The Influence of Vocational Values on Employment Stability of Higher Vocational Hotel Graduates
/ Minting Ji Dongfang Huo Ju Wang
- 40 Explore the integration of medical prevention and dementia in Xingtai under the background of great health Study on the application of health management model
/ Linlin Guo Longge Zhang Xunxun Xu Xiangfei Meng Wenxuan Tui Xiangquan Song
- 43 Implementation strategy of primary school science modeling activities based on the concept of “educating people in the whole area”—Take the teaching of new landfill sites as an example
/ Xiaohong Zeng
- 47 Exploration of the application of task-based teaching method in junior high school English grammar teaching
/ Zhixiang Wang
- 50 Exploration of ophthalmology education reform based on problem-oriented learning (PBL)
/ Menghua Wang Zhirou Hu
- 53 Effect and improvement strategies of nursing skills training based on simulation teaching
/ Huiying Zhai Yaoqiang Jiao
- 56 Exploration and Practice of Intelligent Teaching Mode for Database Principles under Knowledge Graph
/ Xuqi Wang Cong Xu Qinli Deng Shanwen Zhang
- 59 Listen to the children’s voices and guide their expression—How to cultivate children’s language ability in kindergarten teaching
/ Bingqing Huang
- 62 Contextual Teaching Strategies for Primary School Art
/ Airui Bing
- 65 Analysis of teaching difficulties and coping strategies of knee arthroplasty
/ Qiyong Pan
- 68 Summary of the value significance of the theory of socialism with Chinese characteristics in the construction of the new era
/ Jiyuan Guo
- 72 Exploration of the Application of Digital Teaching Resources in Chinese Classroom Teaching
/ Haixia Wu Hui Xie
- 75 Research on Strategies for Enhancing Interactive Classroom Teaching in the Information Technology Environment
/ Hui Xie Haixia Wu
- 78 A Brief Discussion on the Cultivation of Aesthetic Ability in High School Art Color Teaching from the Perspective of Five Education Integration
/ Wenzhuo Wang

- 81 The Application of Information Technology in Junior High School English Writing Teaching
/ Mengting Duan
- 84 Analysis on the value and path of Chinese traditional festival culture integrating into kindergarten education
/ Lingyun Kong
- 87 The Path to Improving the Quality of Thesis under the “Law+Engineering” Composite Talent Training Model
/ Zhenhua Zhang
- 90 Research on the integration path of ideological and political education in innovative talent training
/ Xia Xu
- 93 Discussion on the educational content and curriculum of rheumatism immunology department
/ Lishuai Han Lijuan Zhang
- 96 The role and development of primary doctors in the treatment of rheumatic immune diseases
/ Lijuan Zhang Lishuai Han
- 99 The current situation and countermeasures of psychological health of graduates from private medical colleges in employment under the new situation
/ Bingyan Fu Shanshan Zhang Zhaoqi Huang Zhishuang Yi
- 102 Research on Innovative Models of Teachers’ Grassroots Party Branches in “Double High-Level” Schools under the Deep Integration of Party Building Leadership and Professional Development
/ Xianfei Zhou Hongfang Cheng
- 105 The strategy of integrated primary education for the deaf under the background of “Internet Plus”
/ Lirong Liu
- 108 Study on the inheritance and innovation of Dayu culture in campus moral education
/ Qiang Wang
- 111 “Patriotic worship army, culture cast soul, cultivate the new people of The Times” education work case
/ Shaoshuai Wu Yan Ni Sainan Yang
- 114 Exploration and Practice of Ideological and Political Education Reform in the Course of Water and Soil Resources Conservation and Utilization under the “3345” Teaching System
/ Ruihong Yu Chao Li Shen Qu Jian Luo Xiaohua Wang
- 117 Practical Reflection on Utilizing Psychological Knowledge in Vocal Teaching
/ Dongju Zhu
- 120 Research on the Integration Path of Graduate Experimental Safety Education and Ideological and Political Education
/ Feifei Zhu
- 123 Analysis on the practical path and high-quality development of the new era corps spirit into ideological and political courses in colleges and universities —— Take Xinjiang University of Political Science and Law as an example
/ Lei Wang
- 126 Exploration of the Integration Model of Ideological and Political Work and Mental Health Education in Higher Education Institutions under the Background of Digital Economy
/ Yanli Tian Fuhua Bao
- 129 Exploring the Practical Path of Empowering Ideological and Political Education in Universities through College Student Volunteer Service
/ Lin Liu Zitong Wang
- 132 Research on the cultivation of practice instructors in technical colleges and universities
/ Chunyan Liu Jianyun Zhao
- 135 Content fusion and multiple development —— junior high school Chinese large unit integrated teaching analysis
/ Xiaoyu Hu
- 138 The infiltration strategy of the people-oriented concept in the party history and party building work
/ Jingzhou Xie
- 141 Reflection on “Cooling Off” of English Teaching in Some Domestic Universities in China
/ Shaobin Ji
- 144 Research on the training strategy of middle school students’ mathematical thinking ability in primary school mathematics education
/ Fei LI
- 147 The importance and strategy of cultivating doctor-patient communication skills in the clinical teaching of gastroenterology department
/ Yanzhen Zhang
- 150 Serial development of moral education class meeting in vocational colleges in the digital era And implementation strategy research
/ Min Yang Dong Xue
- 154 Digital technology leads the cultural inheritance: virtual

- simulation technology and traditional martial arts are integrated together
/ Yiyue Huang Jiaxin Lv
- 159 Research on the Integration and Innovation of Curriculum Ideology and Politics with Digital Textbooks from the Perspective of the “Five Educations”
/ Jianming Wang Xiao Qin
- 162 An analysis of employment psychology of poor students in normal colleges and universities from the perspective of new quality productivity
/ Na Zhou
- 165 Discussion on the practice of primary school physical education teaching based on campus basketball culture
/ Lijun Chen
- 168 Exploration and Research on Intelligent Management for Laboratories in Normal Universities
/ Runting Li
- 171 A brief discussion on the causes and countermeasures of weak pull-up performance of junior high school boys
/ Qingdong Wu
- 174 A study on the comprehensive education model of college students’ military training from the perspective of three-whole education
/ Ran Xu
- 177 Exploration of imaging diagnostic technology of chronic sinusitis in otolaryngology teaching
/ Shuman Huang Pengpeng Ding
- 180 Practical Exploration of “Party Building + Ideological and Political Education in Courses” Based on the “Double Leaders” Cultivation Project for Secretaries of Teachers’ Party Branches in Colleges and Universities—A Case Study of the Teaching Staff Branch of the School of Information and Artificial Intelligence, Wuhu Institute of Technology
/ Hongfang Cheng Xianfei Zhou
- 183 Integration of venous thrombosis prevention training in vascular surgery resident training teaching
/ Zhiling Ma
- 186 An exploration of the integration of sportsmanship and ideological and political elements in college physical education courses
/ Wenqing Jia Lei Ma
- 189 The subjectivity of young people’s thinking and the responsibility of the times
/ Bicong Wei Shangqing Cheng
- 192 Discussion on online and offline mixed teaching of data structure and algorithm in information and computing major
/ Sulan Zhai Zhengzheng Tu Nankun Hong
- 195 Cultivation of patriotism in middle school moral and legal education
/ Jiajia Wang
- 198 The strategy of introducing skating into junior middle school physical education class
/ Yueyue Jiang Yanni Zhang Qingqing Li Jian He
- 202 Based on the “five education” integration concept —— explore primary school Chinese high-quality teaching measures
/ Yuming Gao
